Fifth Market Monitoring Report

The Fifth Annual Market Monitoring Report of the IRG-Rail has been published.

Independent Regulators' Group-Rail IRG-Rail has published its fifth Market Monitoring report, covering data for 2015 and previous years from 24 European countries.

In the 2015 IRG-Rail report, particular emphasis has been placed on the rules governing entry into freight and passenger rail markets and the assessment of market opening levels.

The report with annexes can be found [here](#).

Rail market monitoring is a vital instrument for enhancing market transparency, setting directions for the activities of regulatory bodies and encouraging market participants to improve their activities. IRG-Rail has been publishing since 2013 its Annual Market Monitoring Reports, prepared by Market Monitoring Working Group.
