IRG Rail Plenary Assembly held in Falun, Sweden 14-15 May 2024

11.06.2024

IRG-Rail's Plenary Assembly met for its spring session in Falun, chaired by Mr Jonas Bjelfvenstam and Carl Von Utfall Danielsson from Transportstyrelsen, Sweden's Regulatory Authority for Railway. Transportstyrelsen welcomed the representatives of 24 Regulatory Bodies on site and six connected remotely.

During the meeting, the working groups presented their results in relation to the work program for the year. The focus was on IRG's input to the negotiations on the Capacity Regulation and the EU Commission's review of the SERA Directive. The direction for a new four-year strategy for IRG-Rail was also discussed and three new reports were adopted.
