Strategy Committee Meeting, 14 September 2022

IRG-Rail Strategy Committee held a meeting to discuss the proposals for the Work Programme 2023. European Rail Traffic Management System (ERTMS), Rail Freight Corridors (RFCs), revision of the Regulation (EU) 913/2010, Service Facility Descriptions, terminals and maintenance facilities, Timetabling And Capacity Redesign (TTR), the impact of Covid, Mobility as a service (MaaS), Multimodal digital mobility services (MDMS) and market monitoring are some of the topics on which IRG-Rail's activity will be focused in 2023.

During the meeting, the regulators also discussed the developments in the European rail sector.
